NEW CANE CAR ADOPTED

THREE TURNED OUT COMPLETE IN A HONOLULU FACTORY.

Has Special Practical Features—Time and Labor Saving—To Be Built Locally in Large Numbers.

The Hawaiian Carriage Manufacturing Co., queen street, has constructed three of the labor-saving cane cars invented by Mr. J. A. Hughes, master car-builder of the O. R. & L. Co., for one of the plantations on Hawaii. They will soon be ready for shipment to their destination.

The advantages of this car have been detailed in these columns before. It is distinctively a labor and time saving device. The car is loaded and run down on the track to the place it is desired the cane shall be deposited. Then, by a shift of the mechanism the body of the vehicle tilts over sideways, with the ease of a dump-cart, and discharges itself. This process is instantaneous and requires no physical labor.

Several improvements in the car have been made since the first model was turned out, especially in the stake and pocket arrangement and the general construction. The cars are intended to work between flumes. They are 11 feet, 6 inches long, 6 feet, 10 inches wide and 4 feet deep. The doors or gates are so constructed and attached to the car that they open at the bottom and swing outward automatically. Cars requiring stakes only are much simpler and are easier operated.

The design of the stake pocket is such that the stakes do not have to be pulled nor driven up out of their receptacles.

Arrangements have been made with a large car factory at St. Louis, Mo., for the manufacture of this car and a consignment of iron work is now on the way here, part of which has already been sold. It is the intention to keep a supply of iron work on hand here, so that orders can be filled on short notice.

EXTRA STEAMER CALLS

BIG BUSINESS OF THE NEW SEATTLE-YOKOHAMA LINE.

Heavy Freight Both Ways—New Boats Building—More Japanese Arrive—Three Trips for Special Steamers.

The Japanese steamer Sakura Maru, Capt. Wm. Brady, arrived this morning, twelve and a half days from Yokohama. She has for this port 120 contract and 123 free Japanese. Some of the latter have been here as many as three times. Her cargo consists of about 500 tons for Honolulu and 600 tons through. In the latter is 150 bales of Japanese silk.

The Sakura Maru is an extra boat and is put on this route on account of the large increase of business. Still another extra is loading in Japan and will be along in about ten days. These boats are chartered to make three trips each.

The Japan-Seattle company has met with such success that it has placed orders for six large steamers with modern machinery. One of 6000 tons burden and perhaps others will call at Honolulu. The Miki Maru will be taken off this line and put on the Bombay route.

The Sakura Maru anchored in the stream this morning and landed her passengers in quarantine. She will dock during the afternoon. It has not been decided when she will sail, though she will likely go down on the boards for tomorrow afternoon. W. G. Irwin & Co. are the agents.

The committee consists of A. S. Hartwell, L. A. Thurston, F. B. McStocker, B. F. Dillingham and J. H. Fisher.

The cases against John Cristo and Louis Rich, charging them with embezzlement were dismissed.

Tom Carey, who was arrested for violating a carriage regulation, will be heard later in the week. The carriage inspector has ordered that all carriages must obey certain instructions laid down by him in the matter of receiving people in front of the opera house after the play. Carey refused to comply with Macey's request. York See, who sold spoiled fish, thereby breaking the Board of Health regulation, will be given a hearing tomorrow.

ROBERT W. IS IN SULKS

SAYS HE WAS PUT DOWN BY OUTSIDE INFLUENCE.

He is Mad Through and Through and So Is His Wife—Statement from the Latter—Doubt.

The outcome of the election of a new president of the Hui Aloha Aina on Saturday afternoon has been the source of a great disappointment to one member at least. That man is Robert W. Wilcox, well known throughout these islands, who had aspirations for highest position in the society but who was defeated by J. K. Kaulia by nearly two dozen votes.

Now Robert W. is "sore." He says that he did not want the position, would not have accepted it under any circumstances on account of his business. Wilcox has refused to leave his house. It is said, since the result of the election was made known. At any rate his absence was conspicuous at today's meeting of the patriotic society of the Hawaiians.

Robert W. and his wife claim that the hero of two revolutions was killed in the election by a word from a famous and high-bred native lady. This can scarcely be believed, but Wilcox and his wife declare and reaffirm it. Few others credit the report that Liliuokalani has had anything at all to do with the session or deliberations of the Aloha Aina Society.

Shortly after noon today, Mrs. Robert W. Wilcox, furnished The Star with the following statement, which she brought to this office of her own free will. It speaks for itself:

"Mr. Robert Wilcox was induced by a majority of the delegates of the Hui Aloha Aina to run for the position of President in place of Nawahi, deceased, and this was contrary to his desires, because of the injury bound to result to his business; but to his surprise he was defeated by the machinations of a woman whom he had always supposed was a friend, and for whom he has in the past made very great sacrifices, even to the extent of going to jail. Such action, he thinks, is not likely to deepen the bonds of friendship between them; and a great many Hawaiians have expressed to him their regret and disgust."

PROGRESS.

Improvement and Extension Postal Service Watchwords.

Postmaster General Out is winding up the year with very marked improvements in the service, including extension, which have cost him much close figuring and effort. There will be at once two new offices on Hawaii: Papaikou, with either E. Thrum or W. W. Goodale as postmaster.

Honolulu, with Mr. Schmidt, formerly of the custom house here, as postmaster.

The establishment of these offices will be a very great convenience to all the citizens in the locality. Their mail will leave Honolulu in separate bags and reach them with the quickest possible dispatch.

Another big improvement is the establishment of a five day service from Hilo all through the Hamakua district. This has been a pet scheme of the postmaster general's for a long time and he is more than pleased to put it into operation. It will no doubt be fully appreciated by the citizens interested.

OPEN EVERY NIGHT.

Wall, Nichols & Company will keep open evenings hereafter until Christmas.

FAREWELL DANCE.

The management of the Hawaiian hotel will probably give a farewell dance to the Frawleys before their departure for the Coast.

ARE BUSY.

The five Japanese Immigration companies operating in Hawaii are as busy as bees, judging from the size of recent importations.

THE GERMAN.

A german will be given at the Hawaiian hotel this evening. Dr. Smith of the U. S. S. Adams will lead. About seventy of Honolulu's society people will participate in it.

WILL DEPART.

Robert Abrams, who has been in charge of the stage of the new Hawaiian opera house since its opening, will return to his home in San Francisco after the Frawley engagement.

A rival who does not advertise is not a rival.

AN INDEPENDENCE DAY

ELABORATE PORTUGUESE CELEBRATION FOR TOMORROW.

To Begin at 5 A. M.—Music and Speeches—Literary—Reception to the Consul—Committee in Charge.

Tomorrow, December 1, the Portuguese of Hawaii will celebrate the two hundred and fifty-sixth anniversary of their independence. It was in 1640 that the death blow to Spanish rule was struck, and on December 1 of that year Portugal became a sovereign state. The event is celebrated by the Portuguese all over the world.

About 5 o'clock tomorrow morning the flags will go up at the consulate and at the hall of the Lusitana Society. At the same time a meeting will be held at the society hall, and the fun of the day will be given an auspicious start. At 9 o'clock a line of parade will be formed and the entire colony will march to the Catholic Cathedral, where services will be held a half hour later. At 12 noon there will be a national salute of twenty-one bombs.

At 2 p. m. literary exercises will begin at Lusitana hall. The Concordia band will be in attendance. At 6 o'clock there will be a grand display of fire-works from Pūnabowl hill. From 7 to 10 the Lusitana society and the Portuguese colony generally will give a grand reception at Lusitana hall to Charge d' Affaires Canavarro. On this occasion there will be music, dancing and refreshments.

The committee in charge of the day's program is composed of the following gentlemen: M. A. Gonzales, J. P. P. Collaco, M. Costa, J. M. Camara, Jr., J. M. Gomes, J. M. Ferreira and F. Ferreira.

UPPER TRIBUNALS.

Supreme Court Decision—Cases in the Circuit Court.

Associate Justice Frear is the author of the unanimous opinion of the Supreme Court in the case of James A. Low, administrator of the estate of Thomas Newell, against John M. Horner.

The judgment, involving \$4,000, favors the Newell estate.

In rendering this decision the Supreme Court held "that although a judgment is assets for the purpose of administration, where the record is, yet, if the judgment debtor removes to another jurisdiction, administration may be granted there also and the administrator may there maintain an action upon such judgment."

Circuit Judge Perry passed on this case in the place of Associate Justice Whiting, who was disqualified. Paul Neumann and A. S. Hartwell were attorneys for the plaintiff and Kinney & Ballou for the defendant.

Before Circuit Judge Carter today the jury in the case of J. W. Kalkaina-haole vs. R. N. Boyd, rendered a verdict for the plaintiff.

James S. Kalakeila was today admitted to practice in the lower courts.

The bond of S. H. Oni, as guardian of Sam Kalama and Kalama, minors, was approved today by Judge Perry.

F. W. Hardy has filed his answer in the case of John T. Baker vs. Young Hee and others.

The case of D. Lamb vs. J. W. Kalma and S. M. Damon was discontinued today.

The bill of exceptions in the case of L. H. Dee vs. Jas. E. Morgan was filed today.

AT TWO CHURCHES.

Men of Power Talked of by Rev. D. P. Birnie—"Angels" by Rev. Peck.

At the Central Union church Sunday evening Rev. D. P. Birnie began his series of sermons on "Men of Power," with an interesting discourse on "Abraham the Man of Faith." A large congregation listened to the sermon. Messrs. Richards and Axtell and Messrs. Wichman and Woods, composed a special choir for the occasion.

At the First M. E. church Rev. H. W. Peck spoke of "The Angels." The subject contemplated the Biblical description of the angels, and accounts of the visits by them to earth chronicled in the Old Testament. The talk was replete with instructive references, and many points were given modern application.

THE HUI ALOHA AINA

"OILY" BILL WHITE OF LAHAINA IS HONORED BY ELECTION.

Vice Presidents Are Chosen—Bipikane—J. E. Bush—Sworn In—New Constitution and By-Laws.

The Hui Aloha Aina continued its sessions today in Arion hall and will not adjourn sine die until some time tomorrow. "Oily" Bill White of Lahaina, Maui, was chosen honorary president of the society over E. K. Liliuokalani of the Third district of Honolulu by a good majority this morning.

In accepting the position Mr. White thanked the members for the honor and pledged himself to labor for the best interests of the society. He called upon the delegates to inform their constituents of his election and ask them to give him their cordial aid in his work.

J. K. Kamamano was chosen first vice president; J. W. Bipikane, second vice president, and J. E. Bush, third vice president. All are of Honolulu.

J. K. Kaulia, who was elected president of the society at Saturday afternoon's session, he receiving 34, Robert W. Wilcox 12 and J. W. Bipikane 3 votes, took the oath of office. Delegate J. Kamakele from Kula, Maui, administered the oath.

This afternoon the society will elect a fourth vice president, secretary, treasurer and a board of directors.

It is quite probable that a new constitution and set of by-laws will be adopted by the society.

AT ST. ANDREW'S.

Notable Joint Service of First and Second Congregations.

The first and second congregations of St. Andrew's Cathedral held a union service last evening—the eve of St. Andrew's day. The sermon preached by the Rt. Rev. Bishop Willis related solely to a Diocesan fund, he explaining its needs and uses. A collection amounting to \$250 was taken up for the fund.

Rev. Alex Mackintosh, Rev. Byrde and Rev. Kitcat, chaplain to the Bishop of Honolulu, also participated in the service. Splendid choir music was rendered under the direction of Mr. Wray Taylor.

There were floral decorations in the church. The candelabra on both sides of the altar were lighted.
